For the attention of: Paul Almond, Managing Director  
Dear Stephen,

HS To Line 1 Sequence Trailers

Paul

With regard to the recent project for the HS To Line 1 Sequence Trailers, can I offer a word of thanks for completing the trailers on schedule. I appreciate the effort made to ensure the completion of all of the trailers within such a short space of time from concept design to order/delivery.

Can you pass on my thanks to all those involved in the project.

Yours faithfully

Dominic Crawley,  
Bridging Engineer  
Logistics Engineering.
